

## New PetSure Mobile App!

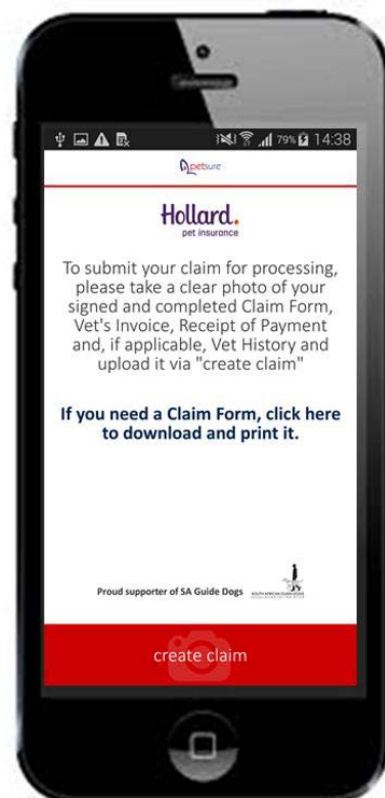

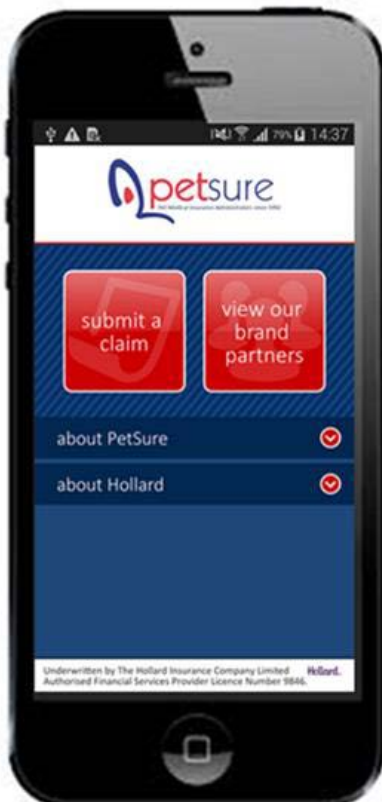

Our Apple and Android smartphone and tablet app assists the policyholder with claims submission by allowing the uploading of claim-related documents direct to us quickly and easily at the push of a button.

- The policyholder can select their specific insurance scheme from a drop-down list.
- The specific scheme's claim form can easily be accessed and downloaded to the policyholder's mobile device.
- The claim form and related photos e.g. vet's invoice can be uploaded instantly.
- The completed claim form with photos can be submitted to PetSure at the push of a button to process the claim.

That's not all! We have also included a "brand partners" section for policyholder lead generation and to ensure that policyholders can learn more about our full product offering in a fun and interactive way.

Simply type "PetSure" into the search bar in your app store and hit download to install the app on your smart phone or tablet.
